

MADA WORLD L.L.C.

WORLDWIDE CAPITALS & DESTINATION DIRECTORY

199 Countries & Destinations • Capitals • Hotels • Tourism • Mobility

**Global Reach. Local Coordination.
Complete Travel Support.**

DIRECTORY OVERVIEW

One World. 199 Destinations.

193 UN Member States plus 6 separately identified additional international destinations.

This directory presents all 193 United Nations Member States plus 6 separately identified additional international destinations, with capital information and a concise Mada World service-coverage note.

Purpose

To support international hotel enquiries, corporate travel planning, airline crew requirements, group movement and destination-based transportation requests.

Coverage model

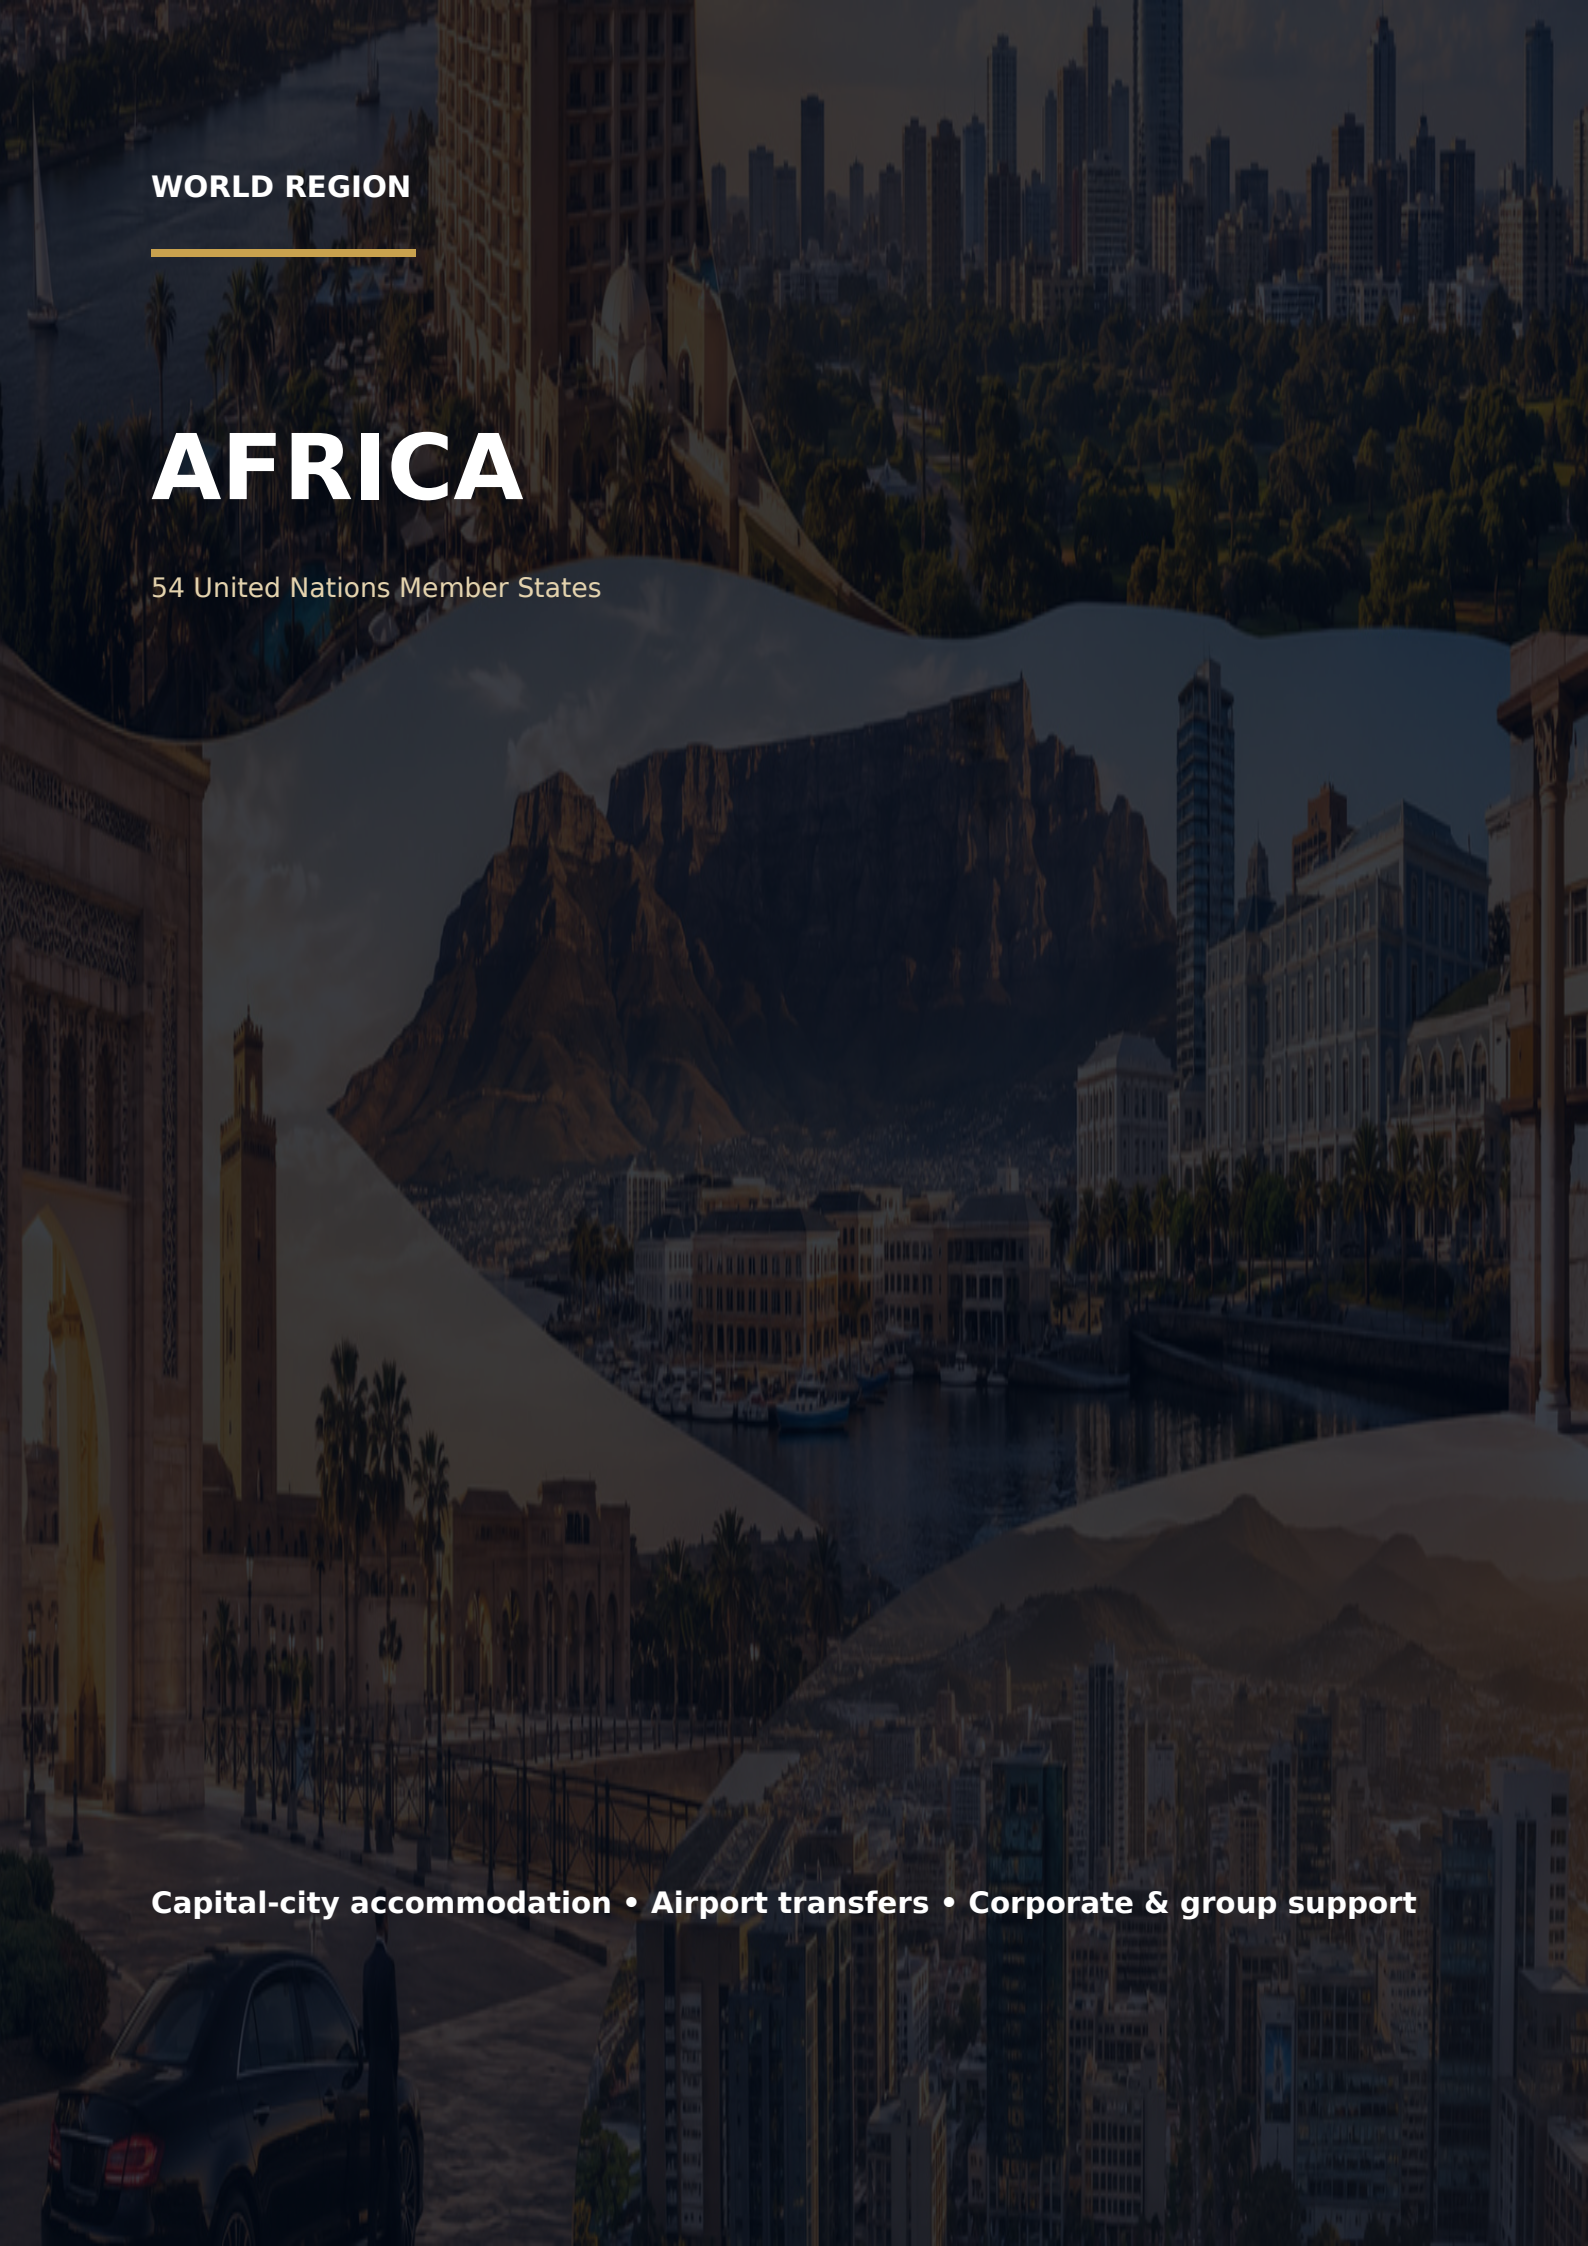

Services outside Mada World's own operating locations are coordinated through approved hotels, transportation suppliers and local service partners, subject to availability and law.

Important clarification

Directory inclusion indicates potential service coverage upon request. It does not state that Mada World maintains a separately incorporated branch in every country.

Capital information

Some states have multiple, constitutional, administrative or de facto capitals. The directory records the commonly recognized capital information available in the reference dataset.

IMPORTANT INFORMATION

Coverage, Accuracy and Public Use

Professional presentation wording for website, proposals and international enquiries.

Service availability

All accommodation, tourism and transportation services are subject to destination availability, client approval, local laws, licensing, security conditions and supplier confirmation.

No branch-office implication

A country's inclusion in this worldwide directory does not necessarily represent a separately incorporated Mada World office or branch in that jurisdiction.

Images

Destination imagery is representative and used to communicate service categories and regional travel environments. It does not identify a contracted hotel unless separately confirmed.

Public brand use

Airline, hotel or third-party names and logos may be used only after applicable authorization.

Reference basis

UN membership count verified against the United Nations Member States resource. Capital and regional fields compiled from the world-countries open dataset and should be reconfirmed for contract-specific use.
